REMARKS

The substance of the interview included a discussion regarding the rejection of pending claims under 35 U.S.C. 112, first paragraph, specified in the Office Action mailed on June 26, 2006. In particular, claim 1 limitations of "validating configuration information specified by a user prior to storing the configuration information in a database" and "identifying one of a plurality of business sites" have been discussed. No agreement was reached.

If the Examiner determines the prompt allowance of these claims could be facilitated by a telephone conference, the Examiner is invited to contact Marina Portnova at (408) 720-8300.

Deposit Account Authorization

Authorization is hereby given to charge our Deposit Account No. 02-2666 for any charges that may be due. Furthermore, if an extension is required, then Applicant hereby requests such extension.
